“Engaging International Alumni: A Path Forward”

February 22, 2022

ALUMNI RELATIONS COUNCIL

- The Alumni Association of the University of Michigan formed the Alumni Relations Council (ARC) for alumni engagement professionals to discover and share transformative alumni engagement ideas, research and strategies.
- Alumni Relations Council events bring national experts and University thought leaders to share the latest thinking on high-impact strategies, while smaller working meetings facilitate workshopping ideas with peers.
- It is our goal that attendees walk away with increased expertise, networks, and knowledge that enhance university work and alumni connections within units and across the University.

AGENDA
