ITINERARY

ABOUT THE TRIP:

Iceland attracts visitors of all ages year round not only for its nature and culture, but also for the powerful forces beneath the earth's crust. Geologically speaking, Iceland is the world's youngest country and is still growing, as can be seen in various areas of the island. Icelandic nature is unspoiled, exotic and mystical with its spouting geysers, active volcanoes, tumbling waterfalls, towering mountains, other-worldly lava deserts and sparkling iceberg-filled lagoons. Reykjavik, Iceland's friendly capital, offers plentiful cultural and social happenings in addition to an abundance of first-class restaurants, interesting boutiques, museums and art galleries. Don't miss out on this extraordinary multi-generational adventure!

The facilities include modern changing rooms and showers, an indoor geothermal pool, a winter garden and a restaurant. Continue to Reykjavik and take a guided walking tour of this northernmost capital in the world. Your tour includes the old town center, the Parliament, Cathedral and much more. DAY 3 - REYKJAVIK - GOLDEN CIRCLE TOUR

The 'Golden Circle' tour is probably Iceland's most popular day tour as it includes three of the best known attractions. The golden waterfall Gullfoss, is one of the most impressive waterfalls in Europe with thousands of tons of icy water thundering majestically into a deep canyon. The Geyser area has numerous hot springs and geysers, including the world known Strokkur. Þingvellir National Park, a UNESCO World heritage site, is where the world's oldest democratic parliament was founded in 930. A beautiful canyon running through the park is the dividing fault line between two of the earth's tectonic plates. Our excursion includes a visit to one of Iceland's wool mills. Icelandic wool has a history that dates back to the earliest settlers who came to the island from Norway as early as the 9th century AD.
